

1. I rely on K-Love to give my family, music and news and comments that is fit for anyone to hear. I do not have to change the channel when off color jokes and comments come on and it is uplifting to my spirit.
2. If K-LOVE were displaced byLPFM, the Christian community and all those that listen to Christian music would be irreparable harmed.
- 3K-LOVE serves the public interest because it offers an alternataive to the modern filth that pretends to be music and commentary on other main stream stations.
